

LEAVES & BRANCHES

Creating leaves & branches so realistic that you can't tell them apart from the real thing is all about the small and subtle natural details, from the veins in the leaves to the natural colour gradient. Our leaves & branches are perfect to use as a statement piece in a tall vase. Or use them in a bouquet or decorative flower arrangement to provide that special natural touch.

FLOWERING PLANTS

We're proud to create the most realistic and lifelike plants possible. And that stunning natural appearance is not achieved by chance. We only stock the highest quality products, and our flowering plants are potted by our very own value-added team in the Netherlands. This enables us to guarantee the very highest quality so that they look great in any interior.

HANGING PLANTS

Hanging plants are most definitely in vogue at the moment in the plant world! That's why we've developed a special range of hanging plants that look and feel just like the real thing. Our hanging plants have been designed and developed down to the very finest detail, and don't require any care. Best of all, you can create your own veritable urban jungle by combining different hanging plants.

A world of green with no green fingers required.

TREES & BIG PLANTS

We're proud to be recognised as an expert in the field of artificial trees and large plants. As we source our products in the Far East, we're always able to deliver exceptional quality. Just one of our large artificial plants can make a huge difference, brightening up an entire interior. And our artificial trees don't require any care and stay beautiful all year round, making them a great investment for any interior.
